12820 167 Ave NW, Edmonton, AB

Lumon As Your Partner

Lumon has been a reliable and safe choice for decades. We are always near to oversee the entire product process from sales, design, production, installation and after-sales service.

One can expect their glazing system to last at least 30 years with Lumon at your side to make sure that the glass is operating at peak performance.

Before

"As far as I am concerned, Lumon is the **ultimate** partner for bringing in sales volumes and helping us achieve a more successful patio and environment"

- Naheed Shariff
